

# Bench Mount Wire Duct Cutter

A tool designed for the medium-sized panel shop.

- Easy to use • Safe • Precise, clean cut • Fast

## Features

- Neatly cuts any slotted PVC wire duct, narrow or wide finger.
- Also cuts wire duct cover, max. width 120 mm (approx. 4 1/2").
- Maximum size of wire duct: 120 x 120 mm (approx. 4 1/2" x 4 1/2").
- Minimum width of wire duct: 25 mm (1").
- Fixed metal guard protects the operator.
- Ruler with adjustable end stop permits setup of repeat cuts up to 700 mm (approx. 27").
- Blade is replaceable.
- 600 mm (~23") high leverage handle makes duct cutting effortless.
- NOTE: This tool must be operated only when firmly mounted on a bench.
- **Available from stock.**

## Characteristics
